

# AX-LS-RFS-4-2

Stainless Steel Liquid Level Switches - Side Entry Mount

# AXIO

## Product Overview

The AX-LS-RFS-4-2 is a very small, cost effective stainless steel side entry mount level switch suitable for water level control applications. As the liquid level changes, the float arm follows the surface level and the reed switch activates. The unit can operate in a wide range of liquids.

## Features

- Easy installation
- N/O or N/C contact
- Stainless Steel 316
- Pressure up to 10 bar
- 1/8" BSP Thread with nut
- Suitable for a wide range of liquids

## Product Specifications

|                         |                     |
|-------------------------|---------------------|
| Fitting:                | 1/8" BSP            |
| Maximum Voltage:        | 240Vac              |
| Reed Switch Rating:     | 50VA                |
| Maximum Current:        | 0.5A (resistance)   |
| Maximum Pressure:       | 10bar               |
| Maximum Temperature:    | 120°C               |
| Materials:              | Stainless Steel 316 |
| Specific Gravity:       | 0.75 SG             |
| Thread Type and Length: | 1/8" BSP x 15mm     |
| Float Dimensions:       | 28 diam x 27mm      |

## Order Codes

AX-LS-RFS-4-2 Stainless Steel Float Switch - Top Mount

## Reversible Float

To change from a N/O to a N/C contact, simply remove the circlip and reverse the float on the stem.
